

IT'S ALL ABOUT THE PLACE...

SUMMIT
PLACE

Designed by YOU, built for YOU

You'll know the moment you step inside. This is no ordinary place. That's because Summit Place was designed and built with you in mind. Before we even started, we sat down with homeowners who love the Summit area. We asked what they'd want in their dream home. Then we set out to build it.

Summit Place is comprised of three unique residential offerings. Both "50 Parmley" and "14 Euclid" feature elegant lobbies, expansive terraces, elevators and secure underground parking spaces. The four town homes at Summit Place offer 3 bedrooms, 3 ½ baths, and 2-car garage with an unparalleled in-town location.

A variety of unique floor plans are available to suit your personal style. State-of-the-art appliances, oak flooring and upscale features and finishes add the distinguished touch that makes Summit Place the town's pre-eminent luxurious residence.

You've found it.

An extraordinary community in the heart of Summit, just a short drive from midtown Manhattan. A community that is as chic and trendsetting as a penthouse apartment in midtown. But one that's right in the town you already know and love.

After all, it's all about the place. And this one is more spectacular than you ever imagined. Welcome to Summit Place—your place.

It Starts with An Extraordinary Builder

Just as Summit Place is no ordinary community, neither is its builder, Mark Built Homes. For more than three generations, the Markovitz family's passion for building homes of enduring value and character have created an enviable reputation throughout New Jersey. As a result, Mark Built Homes is a renowned, award-winning family-owned business.

It starts with a conversation with the buyer, to find out all they desire in a home. The magic is in the way Michael Markovitz translates those ideas and constructs homes of unparalleled architectural beauty and fine craftsmanship. Michael's own high standards of excellence are found in every home he builds.

Michael's and his team's commitment to excellence has garnered the firm numerous awards and accolades. Referrals and repeat business only further illustrate the Markovitz family's passion for innovative home building.
